Internet Connection Manual

秋田市文化会館

① Advance preparation ※When you try to register this app ,you have to connect to the internet.

1 Install the app

2 Registration for use from the app

3 Registration completed !

The first panel shows a person sitting in a chair, with arrows pointing to the Google Play and AppStore logos. A search bar contains 'Japan Connected-free Wi-Fi'. Below the search bar, there are two smartphone screens: one for iPhone and one for Android. A speech bubble contains the 'Japan Connected-free Wi-Fi' logo. The second panel shows a registration screen with a 'Japan Connected-free Wi-Fi' logo at the top and a 'Connect' button at the bottom. The third panel shows the main interface with the 'Japan Connected-free Wi-Fi' logo at the top, a 'Connect' button in the center, and a 'Wi-Fi connection' status at the bottom.

② Turn ON the Wi-Fi.

③ Use it ※The screen shown is the Android version.

4 Tap "Connect"

5 Connected !

The fourth panel shows the main interface with a red arrow pointing to the 'Connect' button. The fifth panel shows the main interface with a 'Wi-Fi connection' status at the bottom.

※NOTICE

- There may be that a connection is slow caused by including your location, number of simultaneous users, how busy your device is, how busy the web site you are trying to access is, and the like.
- Please set wireless LAN connection and security measures on your own. Please note that we do not accept technical inquiries .
- We do not take responsibility or liability for any damage to the customer or a third party caused by using of the Internet and system failure.
